AlphaTec® Solvex®

Previously known as: Solvex[®] 37-176

Highly comfortable chemical gloves, ensuring hand protection with excellent grip

- Elevated comfort: AlphaTec[®] Solvex[®] 37-176 industrial gloves' cotton flocking absorbs perspiration, for more comfortable all-day hand protection
- Enhanced grip: Their reversed lozenge finish grants them more assured grip, for safer handling
- Specialized protection: Their high-performance nitrile compound composition guarantees EN 374 Type A chemical protection
- Augmented dexterity: Their 15 mil/0.38mm makeup results in greater dexterity
- Improved durability: These AlphaTec[®] gloves are more durable than similarly thick rubber or neoprene equivalents
- Genuine versatility: AlphaTec[®] Solvex[®] 37-176 PPE gloves are suited to wet and dry conditions, and used for a wide variety of applications

Applications

37-176

Previously known as: Solvex® 37-176

Key Features
